LET ME HELP YOU  
HOST A *PINTEREST*  
WORTHY, **STRESS**  
**FREE PARTY.**

HI - I'm Kenzie. Wedding planner, small business owner and mama. I love a good party as much as the next gal, and I've got the stuff to make it happen. After planning enough weddings, I realized that I didn't want to just be a part of the big day, but all the little celebrations in between. Bridal showers, bachelorette parties, rehearsal dinners - you name it - let's plan it.

# THE PROCESS

01

## **Determine the Vision, Budget + Guest List**

This is some helpful homework for you to chat with your people about on the front end. Determining if you want to rent a space or use a home, how much you want to invest, and who's coming are the first things we need to nail down.

02

## **Secure Venue, Food + Beverages**

From there we lock in the venue, determine a menu for food and beverages.

03

## **Send Invitations**

Together we will pick out a custom invitation, get them ordered, labeled and mailed in time for the big day. I will even track the RSVP's for you.

04

## **Plan a Few Fun Activities**

Every good shower needs some games and ways for your guests to get to know you better - along with winning a few prizes.

05

## **Finalize Details, Decor + Florals**

Now for the pretty stuff. Below you will find the rental inclusions with this package where you can choose the decor that best fits your style and space. I'll bring everything in and can either help with the florals or lock in a professional depending on budget.
