This escort table will be repurposed for cake table (with the tablecloth) and moved to left of sweetheart table

Pictures of grandparents that can go on black console table under mirror. In this order please.

Add to back of Bride and Grooms chairs at sweetheart table

WELCOME SIGN

to the right of the red area, bottom of stairs OR yellow area if that works better

CARDS+GIFTS TABLE

I have linens that I will be bringing (there's more than this) but if marble table alone looks better than I am okay with that as well. This was a quick mock up so feel free to get creative. I will also have a 'cards and well wishes' sign that can go next to card box. This can be adjusted to whatever looks best!!
